Landscape Design School

Series 18, Course 3

June 15-16, 2021

Presented virtually via
ZOOM

Sponsored by the
Garden Club of New Jersey and NGC
Landscape Design School

GENERAL INFORMATION

The *Landscape Design School* Courses (four in total) are designed for all those interested in expanding their knowledge of landscape design, use of plant materials, ecology, land utilization, and developing a greater overall appreciation and understanding of their surroundings. The student will get on-site practice in evaluation of public and domestic design. Members of NGC clubs may receive the NGC Consultant certificate after fulfilling its requirements.

A school is a series of four two-day courses designed to discuss various Landscape Design topics

Landscape Design Schools provide current information to those interested in the curriculum that has been developed by National Garden Clubs, Inc. (NGC), and is customized by the course instructors.

Classes are open to the public as well as garden club members. Garden club members who complete the series of four courses (and pass the exams) are certified as NGC Landscape Consultants.

Those refreshing or those not wishing to become NGC Gardening Consultants need not take the exam. See notes on Registration instructions page.

Please visit: www.gardenclub.org for more information
